

Depending on the number of places available, children may be admitted to Nursery after their third birthday.

The priority order is as follows:

1. If the child has direct sibling links (brothers/sisters) already attending Crooks Barn Primary School.
2. If the child's permanent, residential address is within the admission zone for Crooks Barn Primary School.
3. If the child's permanent, residential address is within the admission zone for Crooks Barn Primary School and they have a sibling link. Please note that it is now school policy to provide one or more of the following documents to establish proof that the child does live at the address stated on the application form:
 - Child benefit letter
 - Council Tax Bill
 - Utility Bill
4. Any remaining places will be allocated to children out of the admission zone depending on distance from school (as the crow flies) to their home address.
5. Please note, subject to availability following our main intake in September, children are allocated places on their third birthday.

Applications for school should be made in the November before your child starts school. Admission to the Nursery at Crooks Barn Primary **does not** guarantee a place in Reception classes in the school.
